

# Directory of 3,000 Aviation Midshipmen Appointed between 1946 and 1950

## Pre-Flight School Class Numbers

The reader will find a hyphenated number next to the name of each former Aviation Midshipman. For example, 6-47 was the sixth Pre-Flight Class formed in the year 1947. New classes began about every two or three weeks.

Early Aviation Midshipmen graduated from Pre-Flight classes at Athens, GA; Chapel Hill, NC; Iowa City, IA; and St. Mary's, CA. Pre-Flight classes 1-46 through 5-47 started and graduated at Ottumwa, IA. Classes 6-47 through 12-47 started at Ottumwa and graduated at Pensacola, FL. Classes 13-47 through 19-49 started and graduated at Pensacola.

Classes thru 1-46 started and graduated as Aviation Cadets (AvCads). Trainees in subsequent Pre-Flight classes through 1946, and a few in early 1947, started as AvCads, but were afforded the opportunity to convert to Aviation Midshipmen before graduation. Those AvCads remaining in the program were eventually commissioned Ensign, USNR.

A numerical designation sequence for Aviation Midshipmen was assigned for those appointed before 31 December 1946 and depicted below as “#\_Midn.” In most instances, these Midshipmen were not assigned a Pre-Flight Class number. Where the number is blank, the Pre-Flight Class number is unknown or not recorded in the original database.
